I have one and two. Can I have information regarding the school assessments she is referring to? I am assuming this is referring to the CES site...but I am not sure what school/sites she is referring to. I'm sorry I haven't been in the loop and don't much context here.

Subject: Please make sure we have these three questions answered in the response.

1. Why aren't we getting back to her with information.
2. Buy outs – maybe addressed in materials you have.
3. School assessments. (contact Gary Moore.
